

2400 x 1200 x 35 mm

The Giant Desk is ideal for offices, studios or coworking places. Table desk looks stunning also with trestles in dining rooms, receptions or retail shops. It was determined to provide the user with enough space for working with tools or computer. Thanks to above-standard size it is possible to fit up 8 people to sit opposite each other comfortably. The size and special surface treatment with authentic colour are possible to choose on request. We have for enthusiastic collectors special option with an original photographic print by photographer Dušan Tománek.

Giant Desk / the table for every place, 2019, hand — stained plywood

Plody studio is focused on bespoke furniture and interiors.
